

Sustainability Policy

Speedier Scaffolding Ltd (SSL) is committed to promoting sustainability, concern for the environment and promoting a broader sustainability agenda are integral to SSL's professional activities and the management of the organisation. We aim to follow and to promote good sustainability practice, to reduce the environmental impacts of all our activities and to help our clients and others to do the same.

Our sustainability policy is based on the following principles:

- * To comply with and exceed, wherever practicable, all applicable legislation, regulations and codes of practice.
- * To integrate sustainability considerations into all our business decisions
- * To ensure that all staff are fully aware of our sustainability policy and are committed to implementing and improving it.
- * To minimise the impact on sustainability of all work and transportation activities.
- * To make clients and suppliers aware of our sustainability policy and encourage them to adopt sound sustainable management practices.
- * To review and strive to improve our sustainability performance.

In order to put these principles into practice we will

- * Replace company vehicles with more efficient and lower CO2 models as they become due for replacement.
- * Reduce annual vehicle mileage where feasible
- * Minimise our use of paper and other office consumables and purchase paper produced from sustainable sources.
- * Ensure that all our timber products are purchased from sustainable sources with an auditable Supply chain.
- * Issue documents electronically wherever possible.
- * As far as possible arrange for the reuse or recycling of office and trade waste.
- * Minimise office fuel and energy consumption.
- * Undertake regular Resource Efficiency Diagnostic Reviews

Our sustainability policy will be monitored annually and reviewed by the Managing Director. The directors will seek to continually improve environmental performance.
